

`include/obsolete/typeid.h`

```
graph BT; A[include/obsolete/eventidgenerator.h] --> B[include/obsolete/id.h]; B --> C[include/obsolete/typeid.h]; A --> A;
```

The diagram illustrates the include dependencies between three header files. At the bottom is a box for `include/obsolete/eventidgenerator.h`. An arrow points from this box to a middle box for `include/obsolete/id.h`. Another arrow points from the middle box to a top box for `include/obsolete/typeid.h`. A curved arrow also points from the bottom box back to itself, indicating a self-dependency.

`include/obsolete/id.h`
