

`include/subject.h`

```
graph BT; A[src/subjects.cpp] --> B[include/subject.h]; B --> B; A --> A;
```

The diagram illustrates a dependency between two source files. A box at the top contains the text `include/subject.h`. A box at the bottom contains the text `src/subjects.cpp`. A straight blue arrow points from the bottom box to the top box. Both boxes have a curved blue arrow pointing from their right side back to themselves, indicating self-dependency.

`src/subjects.cpp`
